RE: EPA ID NUMBER: GAR000095042
EWASTE EPLANET LLC
NORCROSS, GWINNETT COUNTY

Dear Mr. Holdbrooks:

We have recently received your notification of **NEW** waste activity (EPA Form 8700-12).

The appropriate changes have been made to the database.

The above referenced EPA ID number has been assigned to the facility at the address given. This number is site specific and will be used by the Georgia Environmental Protection Division and the US EPA for identification purposes. If you move to a new location, you should deactivate this number and apply for another number at the new location. You should also request deactivation of this number if the facility closes or you no longer generate hazardous waste or have activities that require a number. This number is not a permit. It is used for data management and information tracking purposes. If you are conducting activities at the facility that require a hazardous waste permit, please submit a corrected notification form and the required permit application. Your interest in protecting Georgia's environment is appreciated.

For any questions related to this notice, please feel free to contact me by phone or email.

Sincerely,

Ericka Lawson
